German Infantry Made Effort to Advance West of Fort Vaux

ARE BOMBARDING
TOWARD NEW FORTS

Heavy Artillery Is Turned on Souville and Tacanmes Forts

Paris, June 12.—German infantry attacked French positions west of Fort Vaux on the Verdun front last night. The assault failed entirely, to-day's official report says. The Germans continued a heavy bombardment of the region north of Souville and Tacanmes forts. West of the Meuse there was heavy artillery action in the vicinity of Chattan-court.

The official statement issued last night was as follows:

"On the front north of Verdun no infantry action was reported during the course of the day. Our artillery actively counter-shelled the German batteries which bombarded particularly in the region south of the Thiaumont farm and west of Fort Vaux.

"The day was calm on the rest of the front except in Champagne where the artillery action took on a character of great intensity in the sector of Tannoy.

"Situation from June 4 to June 10.—The action commenced June 1 on a front of five kilometers from Thiaumont farm to the village of Damoupy inclusive was continued with extreme violence during the whole week from the 4th to the 10th. More than six divisions of Germans were engaged, two of which were newly brought up one from the Balkans, the other from the western front.

"In the night of June 3-4 and the day of June 4 the enemy sought to flank Fort Vaux by the south. He was stopped by our trenches south of the fort and was driven back on two occasions by counter-attacks on the battery at Damoupy where he had succeeded in penetrating. He entered also the village of Damoupy which he held at the end.

Several attacks were stopped by our fire north of Fort Vaux on the eastern outskirts of Fumin wood.

On the 5th day of June we repulsed two debouching attacks, one at Damoupy, the other northeast of Fort Vaux.

"On June 7 a violent offensive against our trenches at the approaches to Fort Vaux failed. The same day the fort itself in which desperate fighting had been carried on from June 2 fell into the hands of the enemy.

"On June 8 the enemy renewed his assaults throughout the day from north Thiaumont farm to the Vaux ravine and succeeded in occupying several of our trenches in the neighborhood of the farm and near the Callette wood.

"On the left bank of the Meuse attacks on Hill 304 were repulsed on June 4, on the nights of June 8 and 9 and especially on the day of the 9th, of which the enemy made several attempts with the employment of bomb throwers."

He described the business conditions in Mexico as chaotic.

SALANDRA CABINET OUT.

National Ministry Is Said to Be Favored Now.

London, June 12.—The Italian cabinet, headed by Premier Salandra, resigned yesterday. This action of the ministry resulted from the failure of the Italian chamber of deputies Saturday to pass a vote of confidence in the government following the presentation of the budget of the ministry of the interior.

A Rome dispatch received here yesterday by wireless telegraph said the ministerial crisis would soon be ended. All political parties, it was contended, favored a national party containing Baron Sonnino, the minister of foreign affairs, and the present military ministers.

Rome, via Paris, June 12.—All parties agree that the new Italian cabinet must have a national character. It is suggested that it comprise all the leading statesmen with a view to uniting in the supreme struggle all political opinions except that of the intransigent Socialists, about 40 of whom oppose the war as a principle. From all sides a rapid solution of the crisis is urged owing to the gravity of the moment. King Victor Emmanuel besides consulting Antonio Salandra, the resigning premier, will seek the views of Baron Sonnino, the foreign minister, the presidents of the Senate and the chamber of deputies and the wearers of the collar of the Order of Annunziata, including ex-premier Giolitti and Luzzatti.

NEGOTIATIONS CAME
TO A SUDDEN HALT

When The Railroads Submitted Counter Proposition to Their \$50,000 Employees Who Want Increased Wages.

New York, June 12.—The conference between the representatives of the railroads and their 350,000 employees, called to avert the threatened strike, came to a sudden halt shortly after resuming its session to-day when the railroads submitted a counter-proposition to the men's demands for increased wages.

HILLEGAS WAS SPEAKER.

Before Montpelier High School's Graduating Class.

Montpelier high school's graduating class was addressed last evening in the high school auditorium by Dr. Milo B. Hillegas, state commissioner-elect of education, the speaker having as his subject, "Making the Most of Life." The talk was substituted for the usual class sermon.

Dr. Hillegas called attention to the direct financial expense involved in the support and education of youth until they became wage earners. Even the most conservative estimate of this expense would make it a sum larger by far than the average family savings in this country, he said. The amount would purchase a high class automobile, or make a substantial first payment upon a home or a farm. Even the interest on this investment would go a long way toward paying the rent of the average family.

The people who bear the greater part of this burden of expense are the parents, but others furnish a material assistance. These others may be bankers, merchants and successful professional persons, who can spare the money involved without privation, but by far the greater number of those who contribute to this investment are bent with toil and enjoy very few of the luxuries of life. In other words, the high school graduate finds himself indebted to every person in the community.

Each person who is thus backed is expected to make a return upon the investment. No one expects to be paid in kind, but such is the intimate relationship that exists between the individual and the community in which he lives that his true success is a benefit and his failure is a direct loss to every other person.

The speaker mentioned three particulars in which persons who made the most of life are required to judge relative values. The first was in the use of time; the second was the control of conduct, and the third was in the kind of recreation and enjoyments in which the individual indulges.

CZERNOWITZ
MAY SOON FALL

Russian Troops Reach Outskirts of Bukovina Capital

OFFICIAL STATEMENT
BY WAR OFFICE

Communication Last Night Tells of Great Amount of Booty Taken

Petrograd, June 12.—Russian troops yesterday approached the outskirts of Czernowitz, the war office announced to-day.

The official communication issued last night told of tremendous booty taken in the rapid advance. It reads as follows: "Our offensive in Volhynia, Galicia and Bukovina obtained fresh success yesterday. The enemy armies continue to suffer enormous losses in prisoners alone. The fierce attacks of our troops are throwing into our hands thousands upon thousands of prisoners and booty of all kinds, the exact estimation of which is as yet impossible.

"For instance, in a single sector on the enemy front, we captured 21 searchlights, 2 convoys, 29 field kitchens, 47 trains of machine guns, 12,000 pounds of barbed wire (a pound is equivalent to 36 pounds), 1,000 concrete planks, 7,000,000 cubes of concrete, 10,000 pounds of coal, enormous depots of ammunition and quantities of arms and other material.

"In another sector we captured 30,000 rifle cartridges, 300 boxes of machine gun cartridges, 200 boxes of hand grenades, 1,000 usable rifles, four machine guns, 2 range finders, and a Norton portable pump for the extraction of drinking water.

"The capture of such enormous war materials prepared by the enemy for various operations affords proof of how opportune was our coup against the enemy.

"During yesterday's fighting, we took as prisoners 1 general, 409 officers and 35,100 soldiers; we also captured 30 guns, 13 machine guns and 3 bomb throwers. This makes the total trophies in the recent operations, 1 general, 1,649 officers, and more than 106,000 soldiers, and 124 guns, 180 machine guns, and 58 bomb throwers.

"Near Rokitche, on the Styrr near Lutsk, the Germans attempted to render assistance to the Austrians, but by our infantry attack delivered under cover of heavy artillery they were dislodged from the town, losing over 2,000 prisoners, two guns and some machine guns. Our troops pursued the retreating Germans.

"Our forces operating in the region of Dubno (one of the fortresses comprising the Volhynian triangle) captured the town and the fort and are on the enemy's heels. Some Russian detachments crossing the Ikwa river have developed their offensive. A part of the Russians occupied the region of the village of Dany-dovka, on the Mylnoff point of support, forcing the enemy to surrender. Besides dislodging the enemy from his position north of Bouthatchie, we made many prisoners there and also took a great quantity of arms.

"We overthrew the enemy on the Stripa. Near Ossowitz, north of Bouthatchie, one of our regiments captured a complete battery of four ten-centimeter motors.

"Despite the enemy's desperate resistance, his violent flank and curtain fire, together with the explosion of mines, Gen. Tchitsky's troops captured an enemy position south of Dobronovitz, 20 versts northeast of Czernowitz (Bukovina). In this region alone we took as prisoners one general, 347 officers and 18,000 men, and captured ten guns and at the time this report is dispatched prisoners are still coming in.

"Southeast of Zale Szozyky, by an energetic coup we overthrew the enemy, who retreated. The enemy blew up the Yourkouts railway station. Turkoman cavalry charged the retreating cavalry and turned his rear into a disorderly rout.

"In attempts to save the situation, the enemy at many places made furious counter-attacks. Among others at dawn Saturday in the region of Semki, east of Kolki, numerically superior forces attacked our advanced elements and under cover of concentration of their fire forced them back over the Styrr. But the same day we arrested all ulterior developments of this offense.

"The enemy is resisting with special desperation in the region of Trogowitz in the Styrr, south of Lutsk, where he is fighting with sanguinary fury.

"The total results of the violent attacks of our troops carried out from the 4th to the 10th without giving the enemy a moment's respite, place in strong relief the fact that they have forced the enemy's organized lines on the vast front from the wooded region of southwest Russia to the Rumanian frontier.

"Caucasus region.—The Turks made repeated attacks on our positions in the Platana region, but were repulsed with heavy losses, abandoning in front of our trenches hundreds of dead. In the direction of Gurnak, we have occupied first-line enemy trenches. In the direction of Dirberki, we are advancing and have made prisoners and captured boxes of ammunition."

CLAIM RUSSIAN REPULSE

When They Attempted to Advance Northwest of Buczacz.

Berlin, via London, June 12.—Russian troops attempted to advance northeast of Buczacz, Galicia, and were repulsed, the war office announced to-day, and over 1,200 Russians were captured.

Leon Abbott went yesterday to Boston, where he will spend a part of the week at the commencement and alumni exercises of the Massachusetts Institute of Technology.

BOY SCOUTS ENTERTAINED.

Splendid Time for Troop 2 Held Saturday Evening.

Troop 2 of the Boy Scouts of America got together in the vestry of the Congregational church Saturday evening for a farewell banquet for the season, and everyone present voted it the best time they had during the year, which is saying a good deal, for it has been a year of good times. Most of the boys were not aware of what was doing, and were very much surprised when they came into their usual meeting place to find the tables arranged in a quadrangle and loaded with eats. They were not slow in finding their places, which were indicated by their membership cards for next year, in lieu of place cards. After a brief prayer by Dr. Barnett, the chairman of the troop, the boys fell to and soon the tables were cleared, but not before every boy was filled up.

Then followed a program, consisting of toasts by a number of the boys on "What Being a Scout Has Meant to Me." McKnight, Barclay and Smith responded. These were followed with a talk by 2d A. S. M. Baxter, while 1st A. S. M. Smith read some accounts of previous meets during the year. Scoutmaster Hubbard then presented some awards and insignia and made the appointments for 1916-17.

The awards were as follows: Honors for excellence in scout work, J. Wendell Smith, John Shepard, J. Cedric Snyder and Clifton More. Books on scouting and class badges were then awarded to Smith, Watt, McKnight and Snyder, the four who had successfully passed their examinations, and the second-class badge was given to Densmore, who, after just one month of scouting, had passed his tests with credit.

The officers for the coming year are as follows: Scoutmaster, John T. Hubbard; 1st A. S. M., D. Winnifred Smith; 2d A. S. M., Arthur N. H. Baxter; chaplain, Dr. Barnett; senior P. L., Earl F. Lane; junior P. L., John C. Watt and John B. Shepard; Asst. P. L., J. Wendell Smith; Howard McKnight, Lawrence Gauthier, scribe, W. Reid Barclay; treasurer, Clifton More.

After these appointments had been made, Dr. Barnett was called on, and gave a talk to the boys about the work they had done, and urged them all to greater efforts for the future. He then offered a prize to the patrol making the best record during the vacation period; and all the patrols are urged to win that prize. In case of a tie, 1st A. S. M. Smith offered two other prizes.

About 11 o'clock the affair came to a close, and after some hearty "sis boom bays" the boys went home, determined to keep troop 2 of Barre the best troop of boy scouts in America.
